

DEPOSIT AGREEMENT FOR COMPARATIVE CANDIDATE SURVEY (CCS) DATA AT FORS

Representative (Name, Address and Institutional affiliation): André Freire, Full Professor with Aggregation/Habilitation at the Department of Political Science and Public Policies at ISCTE-IUL (Lisbon University Institute), and Senior Researcher at CIES-IUL. ISCTE-IUL, Avenida das Forças Armadas, Lisboa, 1649-026, Portugal.

CCS data Country and election year: Portugal, National Legislative Election of 2015.

Deposit conditions

1. The representative named above

- a) maintains the copyright on the data mentioned above as well as on the corresponding research documentation,
- b) has collected and treated the data in conformity with existing laws on data protection,
- c) deposits them at FORS, c/o the University of Lausanne, Géopolis, 1015 Lausanne, Switzerland.

2. The goal of the archiving of the data

The deposit of the data and documentation at FORS has the aim of:

- a) their preservation at FORS,
- b) their reuse by third parties for the purpose of analysis.

3. Responsibilities of FORS

FORS agrees to:

- a) preserve the data and the documentation according to standard techniques,
- b) make the data and documentation available to third parties for analytic purposes,
- c) inform users about the data and their contractual and legal obligations, which are notably:
 - the respect federal law on data protection, if they use individual data,
 - completely cite the data source, the institution, and the researchers that produced the data,
 - to use the data and instruments only for their own purposes.

FORS is however not responsible for possible violations of these terms by data users.

4. Rights of FORS:

- a) FORS has the right to publish information on the data and the research in order to inform about the archived data and to promote its reuse.
- b) FORS has the right to provide to third parties, for analytic purposes, copies of the archived data and the corresponding documentation.
- c) FORS has the right to use the archived data for analytic or pedagogic purposes, and to publish results.

5. Rights of the institutions that deposits the data:

- a) The institution has the right to be informed about any reuse of the data by third parties.

6. Special conditions: (e.g., specific restrictions placed on data access, embargo)

The Principal Investigator should be previously informed (and give permission) for the use of the data by third parties, i.e., by other people than international CCS members.

Place/Date: Portugal, Lisbon, Septembre 11, 2018
